Human Resource Support for Airlines, Airports & Agencies

NAAT provides human resource support service to airlines and airports by connecting its qualified students (Pilots, AME, Flight Attendants, Ground Handling Personnel) to the employers and recruiters.

Consultation on Pilot Training

NAAT has partnered with various flight schools in some of the region known best for flight training and is able to provide consultation on pilot training as a career option. The career consultation is provided by expert pilots with years of industry knowledge.

Consultation on Aerospace Engineering

NAAT has also partnered with various Universities and Maintenance Training Organizations and we can place individuals in a suitable institution for their career as an aircraft engineer.

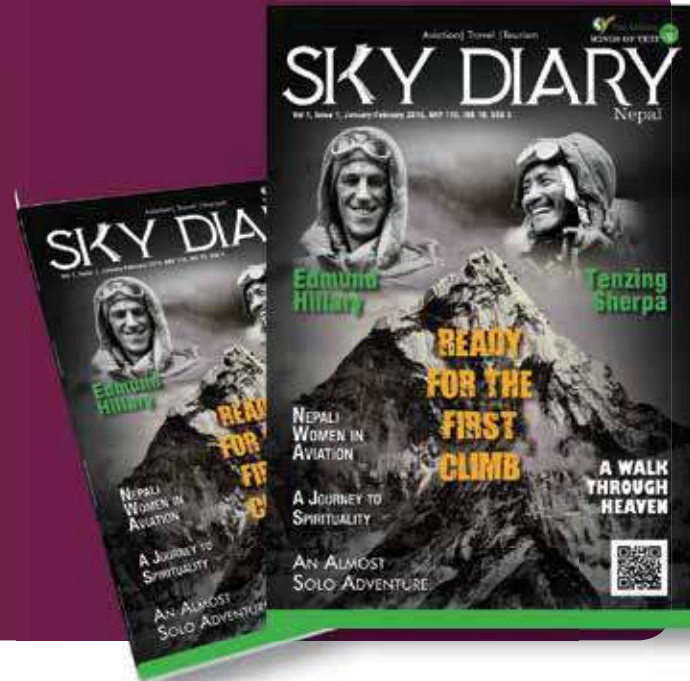

PRODUCTS

Sky Diary online and print monthly magazine

NAAT publishes monthly Aviation, Travel, and Tourism magazine 'Sky Diary' and has placed it in various domestic airlines of Nepal including Yeti Airlines, Tara Air and Sita Air. We look forward on placing the magazine in Airlines that does International flights to Nepal.

Sky Diary is a great source of information regarding Nepal as a travel destination for passengers. This will enhance their experience flying with you.

SOCIAL CONTRIBUTIONS

Events

NAAT Miss Airhostess Femina

NAAT- Miss Airhostess Femina is a beauty pageant focused on grooming aspiring Air Cabin Crew to cultivate diverse sets of talent within them. Starting from 2017, NAAT organized NAAT Miss Airhostess Femina under its sponsorship and plans to do so annually.

The participants learn life essential and professional skills such as public speaking, personality development, ramp walk etc. by participating in this event.

The title winner of the pageant receives job offer from airlines, the first runner up job at NAAT and the second runner up receives scholarship. They also receive various offers from movies to music videos.

Aviation Quiz with scholarship to pursue aviation related courses (Under Development)
NAAT is developing an Aviation Quiz show focused on increasing an interest of youths to take up aviation related career. We believe our initiation will help to address the aviation work for shortage to some extent.

We are planning on providing 3 scholarships yearly for the winners of the quiz to take up aviation related career. We are looking for donations and support to fund the scholarships and the quiz program.

Aviation Talk Show

NAAT is also developing a weekly TV talk show that primarily focuses on aviation awareness. The program will invite aviation stake holders, airline owners etc for productive discussion
